KAMER

Maker:
Shinroku-gama

Since: 1955
Specialty: Pottery

For three generations the artisans of SHINROKU-GAMA have been producing unique Kyo-yaki teaware and stoneware for daily use paying heed to customer's needs. Their best seller for over 50 years was born from a customer's request: Pelican kyusu, a teapot with a large spout resembling a pelican's beak which makes it convenient to use large tea leaves. SHINROKU-GAMA always explores new possibilities of pottery to accommodate the ever changing life styles.

Exhibited products: Tableware (Pelican teapot, cups, ochoko [sake cups], tiles, cups & saucers from coffee beans)
